For AUTUMN PLANTING

Lady  
Margaret Stewart

## Special Offer of Roses

Guaranteed to bloom  
and delivered  
Free to Your Home

We strongly advocate fall planting, and, as an inducement, we guarantee all everblooming Hybrid Tea Roses to bloom next June, or we will replace any that fail to do so

Although our special offer, including guarantee, is a big opportunity for saving money, it is not a cheap "bargain offer" in that inferior Roses will be supplied.

Our Roses are strong, two-year-old plants, freshly dug from the fields, delivered to your door, and guaranteed to bloom the next growing season. Those that fail to bloom will be replaced with new plants.

We recommend fall planting of nursery stock, particularly Roses. The advantages are many. The ground is warm and workable, and the plants will establish themselves before severe frosts. Autumn planted Roses will start growing earlier than those set out in the spring, but should be protected the same as established plants, as we have explained in our booklet of Cultural Instructions

⌈ If you are not familiar with fall protection or do not have our Catalogue, please ask for both our Booklet and Catalogue when placing your order ⌋

# BOBBINK & ATKINS

# A Select List of Hybrid Teas

Here we offer a selection of the finest everblooming Roses, taken at random from our Catalogue, "ROSES by Bobbink & Atkins," which our experience has shown to be most generally successful, or, in other words, the easiest to grow. Planted now they will reward you with beautiful blooms all next summer.

Whole Collection, 25 plants . . . . .	\$20 00
6 selected from this list . . . . .	5 00
12 selected from this list . . . . .	10 00
25 selected from this list . . . . .	20 00

- Betty Uprichard. Coppery red.  
 Cuba. Vivid orange-scarlet.  
 Dame Edith Helen. Clear pink.  
 Duchess of Wellington. Very large, saffron-colored, fragrant blooms.  
 Edel. Pure ivory-white.  
 Elizabeth of York. Semi-double flowers of bright cerise-pink.  
 Etoile de Hollande. Brilliant red; very fragrant.  
 George C. Waud. Shade of light red, with a suggestion of orange and vermillion.  
 Golden Ophelia. Golden yellow.  
 Independence Day. Large, coppery yellow flowers.  
 La Maréchale Pétain. Loosely incurved flowers of brilliant scarlet-rose, borne freely on strong stems.  
 Lady Margaret Stewart. Large golden yellow, shaded and streaked orange and red.  
 Marion Cran. Deep buttercup-yellow, flushed with cerise and scarlet.  
 Miss Rowena Thom. Fiery rose and mauve, shaded with old-gold.  
 Miss Willmott. White.  
 Mme. Jules Bouché. Superb white flowers.  
 Mrs. Aaron Ward. Attractively shaped flowers of tawny gold and pink.  
 Mrs. E. P. Thom. Bright canary-yellow.  
 Mrs. Henry Bowles. Clear pink, flushed salmon.  
 Radiance. Bright pink. The easiest of all Roses to grow.  
 Red Radiance. Rose-red.  
 Talisman. Scarlet-orange and rich yellow.  
 Ville de Paris. Globular flowers of clear yellow.

Rev. F. Page-Roberts. Coppery red bud with fine golden yellow flowers.  
 Rose Hill. Rich rose-pink flowers of heavy substance.

## New and Scarce Roses

The following handsome Roses are some of the more recent introductions. They are still scarce and will be priced at \$1.50 each in our new spring Catalogue.

6 selected from this list . . . . .	\$8 00
12 selected from this list . . . . .	15 00
25 selected from this list . . . . .	30 00

- Alexander Marghiloman. Large, double, ivory-tinted flowers, salmon center.  
 Caledonia. Large, extremely double white flowers.  
 Charles P. Kilham. Brilliant red-orange, suffused with glowing scarlet.  
 Dr. Edward Deacon. Very large deep salmon-orange blooms, paling to shrimp-pink at the edges of the petals.  
 E. G. Hill. Large, dazzling scarlet flowers.  
 Hilda. Extremely double flowers, salmon-pink on the inner surface and deep orange-carmine on the outside.  
 Joanna Hill. Full flowers of fine creamy yellow, flushed with orange at the base.  
 Königin Luise. Very double; pure white.  
 Mevrouw G. A. van Rossem. Dark orange or apricot, golden yellow background.  
 President Herbert Hoover. Large flowers of a very charming combination of cerise-pink, flame, scarlet, and yellow.  
 Richard E. West. Light yellow, fragrant flowers.  
 William E. Nickerson. Full flowers of glowing orange-cerise.

All Roses on this page  
 DELIVERED FREE at  
 prices quoted, and are  
 guaranteed to bloom

Mevrouw G. A. van Rossem

## Hybrid Perpetual or June Roses

- The newer and scarcer old-time June Roses are hardy in almost all parts of the United States. They grow taller than the everblooming Roses, and for this reason are mostly used for individual bushes, among shrubbery, or along fences.  
 Arrillaga. Gigantic flowers of vivid pink with a light golden glow at the base of the petals. \$1.50 each.  
 Everest. HT. Its growth seems to proclaim it a Hybrid Perpetual. Enormous flowers of crystalline white. \$1 each.  
 Henry Nevard. Crimson-scarlet flowers of large, fine form; fragrant. \$1 each.  
 Horace Vernet. Large, double blooms of glowing crimson. \$1.50 each.  
 Mme. Albert Barbier. Full flowers of soft fawn-yellow, paling to white, with pinkish shades in the center. A remarkable color for a Hybrid Perpetual, blooming steadily throughout the season, like a Hybrid Tea. \$1 each.  
 Souvenir de Mme. H. Thuret. Beautiful flowers of tender salmon-pink, center shrimp-red with chrome-yellow stamens. \$1 each.

Collection of 6, including higher priced varieties	\$6 00
Collection of 12 . . . . .	12 00

# New Climbers

Our selection of these new climbing Roses embraces the larger flowering types, which are some of the finest introductions. Climbers produce flowers on the previous season's wood, and never on new wood.

**Chaplin's Pink Climber.** Wide, flat flowers in a brilliant shade of clean, pure pink which is retained from bud to full-blown flower. \$1 each.

**Jacotte.** Large, semi-double flowers of orange-yellow, tinted copper-red, borne in clusters. One of the finest pastel shades. \$1 each.

**Mme. Grégoire Staechelin.** Flowers large, delicate pink, with big, frilled petals stained crimson outside. \$1.25 each.

**Primrose.** Large, double flowers of soft, rich primrose-yellow. \$1 each.

**Royal Scarlet Hybrid.** Trifle darker than Paul's Scarlet Climber, but as free-blooming, although earlier, thus prolonging the season for the enjoyment of the wonderful color of both varieties. \$1.50 each.

**Thelma.** Delicate coral-pink blooms. \$1 each.

**Whole collection, 6 plants, special price, \$6**  
**Individual selection at above prices**

*Delivered free at above prices and guaranteed to live*

Royal Scarlet Hybrid

## Japanese Flowering Cherries

We consider these trees among the most interesting of all the unusual plants imported from Japan. Their bright, cheerful flowers are among the first to greet us in the spring and range in color from white to dark pink.

They may be used either in groups or as individual specimens as well as for avenues, along driveways, or walks. This tree-form type must not be confused with the Japanese Weeping Cherries.

**Amanogawa.** Semi-double, fragrant, pink flowers.

**Benishi.** Double, rosy pink flowers, shading to bluish.

**Double Red.** Double flowers of showy crimson.

**Gyoiko.** Greenish flowers, with red stripes, turning pink when fully open.

**Hosokawanioi.** Shell-pink, double flowers of exquisite charm.

**James H. Veitch.** A large, double, pink variety with reddish green calyx.

**Mt. Fuji.** Large, double, pure white flowers.

**Naden.** A double, pink variety distinct from others of similar color.

**Nikuruma gayeshi.** Bright pink flowers.

**Shirofugen.** Double. Flowers delicate pinkish white.

**Torano-o.** Excellent variety with double, rosy pink flowers.

	Each		Each
3 to 4 ft. . . . .	\$3.00	6 to 7 ft. . . . .	\$6.50
4 to 5 ft. . . . .	3.75	7 to 8 ft. . . . .	10.00
5 to 6 ft. . . . .	5.00		

Japanese Weeping Cherry

## Japanese Weeping Cherry

It is impossible to portray the beauty of the Japanese Weeping Cherry. It has been our experience that it is usually during the blooming period in the spring, when it is too late, that people inquire for these magnificent trees. Don't wait until it is too late! Make your decision now before it is forgotten. We can book your order for these particular plants for either fall or spring delivery.

	Each
1-yr. crowns . . . . .	\$3.00
2-yr. crowns . . . . .	4.50
3-yr. crowns . . . . .	6.00
4-yr. crowns . . . . .	7.50
Extra-heavy specimen plants, \$20 each	

## Hybrid Lilacs

We carry an excellent collection of Hybrid Lilacs in stock—about 110 varieties, in various sizes from 2 to 6 feet. Our "Special List of Hybrid Lilacs" will be mailed upon application. We also publish a Special List of Hybrid Rhododendrons, which will be mailed upon application.

All these and many other plants can be found in our three Catalogues, "Roses," "Herbaceous Plants," and "Evergreens," which will be mailed upon request

# "True Koster Blue" Spruce (Picea pungens Kosteriana)

Koster  
Blue Spruce

A wonderful opportunity to plant one of the finest evergreens at "specially reduced fall prices." Many inferior, so-called Blue Spruces are grown and sold. Only the "True Blue" Koster's has the superb steel-blue hue which everyone admires. It is always rare and hard to get in well-grown specimens such as we offer.

## SPECIAL FALL OFFER

Although we have many smaller sizes in our nursery, it is not advisable to transplant to your lawn plants smaller than 2 feet, as these plants require more care while the 2-foot plants we are offering have already acquired their natural shape and beauty.

Plants 2 ft. high . . . . .	Each \$5 00
-----------------------------	----------------

For those who want taller plants we offer the following:

3½ to 4 -ft. trees . . . . .	20 00
4 to 4½-ft. trees . . . . .	25 00
4½ to 5 -ft. trees . . . . .	30 00
5 to 5½-ft. trees . . . . .	35 00

The above prices will be considerably higher in our regular Catalogue.

## THE ARISTOCRAT OF EVERGREEN HEDGES

# Taxus Cuspidata Capitata

UPRIGHT JAPANESE YEW

Here is your opportunity to plant the finest evergreen hedge at a very low cost. While the price of these fine evergreens was prohibitive in the past, unlimited production now enables us to offer this Aristocrat of Evergreens at this low cost to take the place of the common hedge plants. The beauty of this Upright Yew as an evergreen hedge plant cannot be excelled. Its consistent dark green foliage and attractive red fruits in fall are outstanding.

25 to 100 plants of one size will be sold at the following prices:

	Each		Each
12 to 15 in. . .	\$1 25	2 to 2½ ft. . .	\$3 50
15 to 18 in. . .	1 75	2½ to 3 ft. . .	4 50
1½ to 2 ft. . .	2 75		

Quantities less than 25, add one-third to the above prices.

**SPECIMEN PLANTS.** For those who wish immediate effect in height, we offer the following. These plants can also be used for specimen plants for lawn planting or evergreen groups.

	Each
3 to 4 ft. . . . .	\$8 00
4 to 5 ft. . . . .	10 00

Other Specimen Plants, from 5 to 8 ft., prices on application.

This Japanese Yew hedge was planted two years ago

# New and Rare Hardy Herbaceous Plants

This list is comprised of many new and rare kinds that, on account of their scarcity, have not found a place in current literature and catalogues

## ASTILBE

Amethyst. Erect spikes of deep violet-purple blooms.  
Granat. Dark crimson flowers.  
Kriemhilde. Feathery sprays of light salmon color.  
Prof. van der Wielen. Pure white.

50 cts. each. Special price on 12 plants, 3 of each variety, \$4.50

**CIMICIFUGA racemosa simplex** (Kamtschatka Bugbane). This little-known plant should not be overlooked by any garden-lover, as it forms, without doubt, one of the most beautiful attractions of the perennial border. The dense spikes of feathery white flowers are borne on slender, graceful stems 3 to 4 feet high, making them excellent for cutting and ideal for vases. The plant grows best in a half-shaded location. 75 cts. each, \$7 for 10, \$65 per 100.

## FUNKIA (Hosta) (Plantain Lily).

cærulea. Purple, bell-shaped flowers.  
minor alba. White, bell-shaped flowers.  
subcordata grandiflora. Large, pure white flowers.

50 cts. each. Special price on 12 plants, 4 of each variety, \$4.50

## GEUM. Best two varieties.

Fire Opal. Glowing scarlet flowers with opal sheen.  
Orange Man. Large, single, orange flowers.

75 cts. each. Special price on 12 plants, 6 of each variety, \$7

**HELIOPSIS scabra formosa.** A novelty with almost double bright yellow flowers. 50 cts. each, \$4.50 for 10.

## PHLOX DECUSSATA. Six of the newest and finest of this class.

Border Gem. Best purple.  
H. B. May. Clear pink.  
Karl Foerster. Orange-red.  
Leo Schlageter. Scarlet-carmine-red.  
Margaret Gavin Jones. Pink flowers, carmine eye.  
Professor Went. Brilliant amaranth.

50 cts. each. Special price on 12 plants, 2 of each variety, \$4.50

## PHLOX ARENDSI (Everblooming Phlox).

Hanna. Bright pink with a purple sheen. 50 cts. each.  
Hilda. White, suffused with lilac; pink eye. 50 cts. each.  
Louise. Pale lilac with a light carmine eye. 35 cts. each.  
Marianna. Dark bluish violet. 50 cts. each.

Special price on 12 plants, 3 of each variety, \$4

## 3 New Low-growing Phloxes. Especially suited for the rock-garden

subulata Moerheimi. Pink, with red eye.  
subulata, The Bride. White, with pink eye.  
subulata atro-lilacina. Large, bluish lavender flowers.

50 cts. each. Special price on 12 plants, 4 of each variety, \$4.50

## SIDALCEA (Prairie Mallow).

Monarch. Spikes of large, rich rosy crimson flowers.  
Mr. Lindberg. An excellent variety with dark ruby-red flowers.  
Scarlet Beauty. A rare and beautiful plant that produces deep amaranth-pink flower-spikes.

50 cts. each. Special price on 12 plants, 4 of each variety, \$4.50

**NEPETA, Souvenir d'André Chaudron.** A new Nepeta with much larger and darker blue flowers than *N. Mussini*. Lovely flowers suitable for the border as well as for the rock-garden. 50 cts. each, \$4.50 for 10, \$40 per 100.

## PRIMULA (Primrose). For shady locations.

auricula. Fragrant flowers in various colors. 50 cts. each.  
cortusoides. Lovely rosy pink. 35 cts. each.  
japonica. Mixed shades. 30 cts. each.  
pulverulenta. Yellow. 35 cts. each.  
veris elatior aurea. Clear yellow. 30 cts. each.  
veris, Mixed. Mixed colors. 30 cts. each.

Collection: 12 plants, 2 of each variety, \$3.50

**SEMPERVIVUM (Houseleek).** Especially desirable for rock-gardens in dry locations or crevices. They form rosettes of fleshy leaves. We offer the following fine collection:

acuminatum. Glaucous rosettes with a slight red-brown tip.  
arachnoideum (Cobweb Houseleek). Flowers bright red, in a few-flowered panicle.

## SEMPERVIVUM, continued

arenarium. Elegant little green rosettes.  
Brauni. Very distinct, with dark green foliage tipped brown. Flowers red. Of great value to the rockery.  
Fauconetti. Little rosettes with very small leaves and red flowers.  
fimbriatum. Flowers bright red, in an open panicle.  
globiferum. Rosettes rather flattened; leaves gray-green. Flowers pale yellow. Densely short-hairy.  
La Harpei. Rosettes and leaves pointed and larger than Fauconetti. Flowers yellow.  
Pomeli. Leaves with brown-red tips.  
tectorum. Broad rosettes, the leaves having reddish brown tips. Flowers pale red.

30 cts. each. Collection: 20 plants, 2 of each variety, \$4

## Collection of 100 ROCK-GARDEN PLANTS

The following Collection includes varieties which have proved to be the most easily grown and most dependable plants for quickly furnishing foliage and flowers in the rock-garden.

Collection: 5 plants each of 20 varieties, \$15

5 *Alyssum saxatile compactum* (Rock Madwort). Yellow.  
5 *Arabis alpina* (Rock Cress). Pure white.  
5 *Armeria laeuchiana* (Thrift). Rosy crimson.  
5 *Aster, Mauve Cushion*. Delicate mauve; white sheen.  
5 *Campanula carpatica* (Harebell). Blue.  
5 *Cerastium tomentosum* (Snow-in-Summer). White flowers; silver foliage.  
5 *Dianthus deltoides* (Maiden Pink). Pink.  
5 *Helianthemum, Double Orange* (Sun Rose). Double; orange.  
5 *Iberis sempervirens* (Hardy Candytuft). Clusters of white flowers.  
5 *Iris pumila*. Rich purple.  
5 *Nepeta Mussini*. Mauve.  
5 *Phlox lilacina*. Lavender-blue.  
5 *Plumbago larpentæ* (Blue Leadwort). Deep blue.  
5 *Sedum sexangulare* (Golden Moss). Yellow.  
5 *Sedum album*. White.  
5 *Sempervivum tectorum* (Houseleek). Broad rosettes. Leaves have reddish brown tips; flowers pale red.  
5 *Thymus Serpyllum* (Mother of Thyme). Pinkish red.  
5 *Veronica repens*. Pale blue.  
5 *Veronica Teucrium rupestris rosea*. Delicate pink.  
5 *Violet, Gov. Herrick*. Violet-blue.

Half of the Collection, \$7.50

## 12 CHOICE ROCK-PLANTS

For larger quantities, prices on application

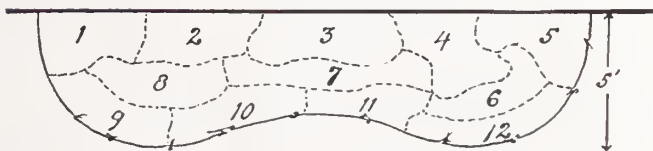

## 100 CHOICE PERENNIALS

Special Reduced Price, \$15

(Guaranteed to bloom or they will be replaced. This applies only to these Collections)

We offer two of the finest Collections for starting a flower-garden, or to be used for filling in established borders. The little sketch shows how to proceed with the layout, which corresponds with the key numbers in the Collections. By planting these approximately a foot apart, they will fill a border 20 feet long by 5 feet wide. For borders 40 feet long, we suggest both Collections, as they contain different varieties.
